## Parental Consent

### OUTINGS

From time to time as part of our education programme, we take the children off of the premises, for example for a walk locally or a visit to the church.

We will inform you of these visits near the time. We need consent from all parents/carers to do so. If you do not give consent, then unfortunately your child will have to remain in school.

These outings will **not** include those where the children have to travel by coach or other means of transport – we will send out letters to parents on these occasions, requesting specific consent.

When we take the children out of school, we can assure you that all safety procedures are taken into account, following the County guidance for school visits.

I give permission for my child to be taken out of school on local visits.

### INTERNET

Access to the internet is now a recognised and valued educational tool to which all schools have access.

Before your child can access the internet under the supervision of a staff member, your consent is required.

Access to the internet will allow your child a much wider range of preselected resources and activities which can support and enhance their learning.

A filtering system is in place, with the best endeavour to block unsuitable content. Your child will always be supervised by a staff member who has checked the site before visiting it with your child.

I give permission for my child to access the Internet at Manorfield Primary & Nursery School
